

HOW TO PREPARE YOUR HOME FOR PHOTOGRAPHY?

Are you planning to move soon and need some tips on how to prepare your home for photography? Here's our guide for successful photos!

Brightness of the house

Replace light bulbs and turn on all lamps and fixtures in your home.
Open the curtains in all rooms to let in as much light as possible!

Kitchen and dining room

Clear the countertops as much as possible for an uncluttered look.
Store your coffee maker, kitchen tools and other items.

Bathroom

Clear the countertops of your personal belongings.
Hide garbage cans or other bulky items to maximize space.

Bedroom

Open the curtains and declutter the bedside tables.
Put as many items as possible in your closet.

Outside

Park vehicles on the street.
Remove bins and put them at the curb.
Mow the lawn or clear snow from the front of the property depending on the season.
